

Washkewicz College of Engineering Speaker Series

Thursday, January 22, 2015

Featured Speaker:

Dr. Steve G. Belovich

Chief Executive Officer,
IQware Solutions, LLC

Cyber Terrorism The Sony Hacking Scandal Why it happened and How to Win The New Cyber War

Dr. Belovich will take an in-depth look at the Sony hacking scandal, why it happened, why our current security methods won't stop future attacks, and how our IT systems need to change to win the New Cyber War.

Where: 130 Fenn Hall, Foxes' Den, CSU Campus

Time: 11:30 am – 12:30 pm

Lunch will be provided

All students, alumni, staff and faculty are welcome!

Dr. Steve Belovich is Chief Executive Officer of IQware Solutions, LLC in Richfield, Ohio. IQware makes secure, rule-based, interoperable, data mining, content management and delivery software. Dr. Belovich earned both his Master of Science and Doctoral degrees in Electrical & Computer Engineering from the Washkewicz College of Engineering at Cleveland State University. He received the College's Distinguished Alumni Award in 2005.
